

## **UPDATE TO COVID PROCEDURES – 8.23.21**

The Corella Productions Staff has made sure The Maennerchor Plaza has been thoroughly cleaned and disinfected. Your safety, as well as the safety of our staff and performers, is of utmost importance to us.

For public safety reasons, the following guidelines must be followed when attending one of our events.

- Masks must be worn while in common areas of the building. This includes the lobby, bar, and en-route to the restrooms. Masks may be removed while sitting at your table, during the serving portions, or while eating. Masks must be worn during the performance, as our performers will be unmasked
- Temperatures will be scanned for all patrons upon entering the building. If an audience member has a temperature of 100.4 or more, they will not be admitted to the theatre. Your tickets will be honored for another performance during our season.
- Table size will be limited to 8 people per table.
- Hand sanitizers and antibacterial soap will be placed in the lobby, ballroom and restrooms. Please use them to maintain your safety.

Although it is rare, vaccinated people can catch a variant, and if that happens to one of our staff, we will have to shut down again. These measures are in place to protect our performers, staff, and our audiences.

These guidelines will be loosened or tightened as the pandemic situation changes.

Thank you for your cooperation.

Patty Corella
