

COVID PROCEDURES 2022

The Corella Productions Staff has made sure The Maennerchor Plaza has been thoroughly cleaned and disinfected. Your safety, as well as the safety of our staff and performers, is of utmost importance to us.

For public safety reasons, the following guidelines must be followed when attending one of our events.

- Masks are strongly encouraged while in common areas of the building. This includes the lobby, bar, and en-route to the restrooms.
- Table size will be limited to 8 people per table.
- Hand sanitizers will be placed in the lobby, ballroom and restrooms. Please use them to maintain your safety.
- If you are sick please stay home. In the event that you are sick and unable to attend, please contact us via email to arrange for a credit for another 2022 performance.

Although it is rare, vaccinated people can catch a variant, and if that happens to one of our staff, we will have to shut down again. These measures are in place to protect our performers, staff, and our audiences.

These guidelines will be loosened or tightened as the pandemic situation changes.

Thank you for your cooperation.

Patty Corella
